## SUPERVISORS HOLD REGULAR MEETING

The Board of Supervisors met in regular session Monday, April 7th, there being present W. H. Brown presiding, D. E. Blackburn, Jas. T. Casey, Joseph M. Francis and John MacBain.

District Attorney Swart presented a report of the result of an election held at San Mateo March 14th at which more than two-thirds of the citizens voted in favor of a bond issue of \$25,000 for the purpose of purchasing the necessary land and erecting and furnishing a new schoolhouse at the Homestead. A resolution was adopted on motion of MacBain, seconded by Blackburn, establishing the result as presented by the District Attorney and the clerk was directed to publish notice offering the bonds for sale, bids to be received May 5th.

The district attorney offered a copy of an ordinance for the board's consideration by which a tax of \$75 per year is imposed on wholesale sellers of liquor in the county. It will be necessary for applicants to apply to the board for permits and have licenses issued to them regularly.

Mr. Swart said that the purpose of the ordinance was to protect the licensed retailers. Many of the wholesalers go about the county in automobiles and do not hesitate to supply private customers.

Chairman Brown said that complaints of violations of the liquor ordinance were frequent and steps should be taken to compel obedience to the law with the penalty of forfeiture of license.

The district attorney called the board's attention to a certain saloonkeeper at whose place recently a quarrel occurred, during which one man was shot and severely wounded and another badly beaten. He said that the proprietor of the place should be compelled to appear and show cause why his license should not be revoked.

Coroner Plymire rendered a report of the disposition of the effects of certain deceased persons. M. F. Brown, chief of the motorcycle squad, reported as follows for the period from March 17th to date:

Officer Lowans—Worked 16 days, two arrests, three convictions; fines \$40.

Officer Brown—Worked 21 days, two arrests, three convictions, four cases pending; fines, \$15.

Officer Logan—Worked 16 1/2 days, six arrests, seven convictions, three judgments suspended; fines, \$45.

Officer Vallejo—Worked 15 days, four arrests, three convictions, one case pending; fines, \$30.

Attention was called to the fact that out of eight arrests by Logan and Brown five cases were dismissed after pleading guilty. This matter was referred to the district attorney.

The following liquor dealers, having complied with the law and furnished the necessary bond, were granted licenses:

First township—Manuel G. Leal, Colma; Stephen McCue, Colma; M. J. Custodio, San Bruno; Agostino Tossario, Colma; John Mori, Rockaway.

Third township—A. V. Keiffer, La Honda; H. E. Hallett, Woodside.

Fourth township—John Marshall, Lobitos.

Fifth township—J. C. Amarel, Pescadero.

The following applications for licenses were received and will be acted upon a month hence:

First township—Jas. Murray, Colma; E. Schneller, Rockaway; F. D. Brass, Holy Cross.

Third township—Charles Kreiss, Woodside.

Fourth township—John A. Flink, Farallone; John E. Healey and Alex Bonzagni, Princeton; J. V. Azavedo, Halfmoon Bay; D. P. Damascus, Granada; J. Clarke, Miramar.

Richard Schmidt appeared before the board and stated that some weeks ago he had been granted permission to bring garbage from San Francisco for the purpose of making a fill at Visitation, should the undertaking meet with the approval of the health officer. The health officer had not been notified and he had been unable to proceed with his work.

On motion of MacBain, seconded by Casey, the matter was again referred to the health officer, who will authorize Mr. Schmidt to bring such material as he may desire, provided it is not offensive or dangerous to health.

The usual allowance of \$8 per month was granted to the following applicants:

Selma A. Shaw, Fifth township; Mrs. William Lenkuhl, Third township; Louise Bonavera, First township.

A communication was received from the State Board of Control at Sacramento, stating that the allowance of \$6.25 per month made to Clifford, James and Fremont Dow, represented to be half orphan children would be continued temporarily. It was advised that the father of the children, who had been missing for eight years, be declared legally dead by the Superior Court.

The matter was referred to the district attorney.

Fred J. Kohler of San Bruno sent a communication asking permission to cut down certain trees on the county road in front of his

premises. The communication was ordered returned and Kohler advised to present a petition, the same to contain the verified signatures of his neighbors, as is required by the county ordinance.

A bill for \$76.50 was received from Julius S. Godeau, a San Francisco undertaker, for conducting a burial at Daly City, the family of the deceased being unable to pay the expense. The bill had been previously sent to the Daly City council, but as that body had no funds for that purpose, it was referred back with the information that the county can only expend \$16 for burials.

At the request of the public administrator the phone was ordered removed from his office in the courthouse, on motion of MacBain, seconded by Casey, there being no use for it.

The following bids were received for grading and paving a portion of Fair Oaks lane and Atherton avenue, and constructing curbing in accordance with specifications furnished by the county surveyor:

State Construction Co., \$16,829.  
Teichert & Son, \$16,668.

On motion of MacBain, seconded by Blackburn, the bids were rejected, they being considered excessive by Mr. MacBain, who claimed that the work could be done for at least \$4000 less than the lowest bid.

Casey moved that Dr. W. G. Beattie of Colma be reappointed as health officer. He was seconded by Francis.

MacBain moved as an amendment that the appointment be postponed for two weeks, which motion was seconded by Blackburn.

A vote was taken on the amendment and it was carried.

Blackburn stated that the bridge at Pebble Beach in his district was in need of repair which would cost about \$45. On his motion, seconded by Francis, he was authorized to have the work done at a cost not to exceed that amount.

Adjourned for the noon recess.

Afternoon Session.  
The board reconvened at 1:30, all of the members being present except Casey and Blackburn.

MacBain stated that the improvement of Fair Oaks lane and Atherton avenue, bids for which had been rejected during the forenoon session, could be done much cheaper by day's work. On his motion, seconded by Francis, he was authorized to proceed with the work in that way.

MacBain was also authorized to employ the poundmaster of Redwood City for a period of two months at \$50 per month, to enforce the ordinance requiring the muzzling of dogs, in the Third township.

A list of the claims passed will be published next week.

Adjourned to Monday, April 14th.

## ENORMOUS HOLDINGS OF P. G. AND E. COMPANY

The magnitude of the operations of the Pacific Gas and Electric Company which supplies the bay side of this county with power, light and heat is told in figures that almost reach beyond ordinary computation.

These figures show that the plants, equipment and holdings of the Pacific Gas and Electric Company represent an investment of \$145,000,000. The company has 4800 employees and serve the largest hydro-electric district in the world.

This district is the middle third of California. It comprises thirty counties and extends from Chico to Fresno and from the high Sierras to the sea coast. The company owns sixteen great electric generating plants, the largest of which generates 30,000 horse power. It supplies electricity to 209 towns and gas to 50 towns, water to 25 and operates its car lines in Sacramento. The population served by it with electricity numbers 1,082,992 and with gas 978,167. The property of the company includes two sawmills and lumber camps, 60 mountain lakes and reservoirs, 600 miles of mountain aqueducts and flumes. Hundreds of men patrol its lines and over 150 automobiles are required to insure an uninterrupted service.

P. P. Chamberlain, A. D. Walsh, C. D. Hayward and Con Cullen are enjoying a fishing trip on the coast-side.

DEACON AND ELDER QUARRELED; IT WILL BE AT ALHAMBRA.

When a deacon of the church and an elder begin to call each other names and use descriptive language not complimentary, it is a distressing state of affairs. As usual the trouble begins over a woman.

Elder—"You're an old hypocrite."

Deacon—"You're a shiftless old whittler."

Deacon—"But I'm no old bucksaw like you—you deaf old fossil."

They're both in love with Jerusha Jane Judkins. And Miss Judkins is one of the leading characters of "The Parson," the high-school play, to be put on at the Alhambra, May 2d.

Boys' Club Wins Again

Last Sunday the local Boys' Club baseball team scored another easy victory. This time they defeated the Foresters of America by a score of 10 to 6. Up to the eighth inning Chavis had the Foresters completely at his mercy, only two runs being scored off his delivery, when he slowed up and allowed them four runs. The game was featured by the batting of Griffin, Ramirez and Lamb, who secured four, three and two hits out of as many times up, and Chaves, who scored three out of four. Next Saturday the club team will go to Belmont to play Reid's school. Train leaves at 2:29.

Highschool Debate Saturday Night.

Saturday night at 8 o'clock, Redwood City and Palo Alto highschools will debate upon the question: "Resolved that the increased tendency to entrust to voters the direct participation in the government is fraught with danger." Susie Bridgewater and Stephen Tichenor will go to Palo Alto to uphold the negative against Graeme Howard and John Kimber. Palo Alto's team, representing the negative side, are Mildred Beaver and Morris Kirksey, who will debate against Miriam Meerey and Ray Griffin at Redwood. There will be an admission charge of 10 cents to help defray expenses.

Seeking Absent Daughter.

P. F. Grainger of Halfmoon Bay appealed to the police of San Francisco Monday night to find his 17 year old daughter, Edith Grainger, who disappeared from her home Sunday. According to Grainger, his daughter was seen Monday morning at Twentieth and Mission streets, talking to Ernest Speigel, who works at 545 Van Ness avenue. Mr. Grainger said his wife was almost prostrated over the absence of his girl. It was afterwards learned that a marriage license had been issued in San Francisco to Speigel and Miss Grainger.

Mrs. T. C. Rice has returned from the Red Cross Guild hospital at San Mateo, having recovered from an operation for appendicitis.

## CITY OFFICIAL PAPER

Boost Your Property  
 With Good Roads  
 Work for Them  
 With the  
 Development Association

That the people of San Mateo County are fully alive to the spirit of modern progress was given another strong illustration in the result of last Tuesday's election, when the voters of the county all but unanimously gave their consent to the incurring of an indebtedness of a million and a quarter dollars for the betterment of its public road system. In this exhibition of public spirit they are certainly to be congratulated. It means much for the upbuilding of the county, for the placing of its attractions within the reach of that desirable element which is seeking for sites for the rearing of homes. It means that San Mateo County will be in a position to reap the full benefit of the large influx of visitors to the state who will be attracted by the Exposition in 1915.

But the real work is yet to be done, and there is no time to be lost. If we are to reap the full measure of benefit, there must be no delay in preparation for the details of the vast undertaking which has been authorized. The construction of this extensive system of roads is no small undertaking, if it is to be done properly. And that it will be so done, we have not the slightest doubt. The members of the Board of Supervisors, who will have prime direction of the great work, are men both capable and honest—men who can be relied upon to give the fullest return for the money expended.

### Brown's Prison Reform Bill.

Following closely on the heels of the debate on the bill providing for the indeterminate sentence and recent State Prison probe at San Quentin by the Assembly Committee, the House prison and reformatory Committee last night by a unanimous vote passed out Assembly Bill No. 7, by H. W. Brown, calling for the abolition of punishment in the penitentiaries and reformatories in California.

If this measure, which is now on its way to the floor for a place on the second-reading file, becomes a law, it will be unlawful for any warden or other prison official to subject a prisoner to the kind of inhumanities and tortures used in subduing men in restraint. The straightjacket is especially mentioned in the bill as one of the devices of cruelty. Here is what the bill provides in full:

"It shall be unlawful to use in the prisons or reformatory institutions of this State any cruel or unusual punishment; and punishment by use of the straight-jacket, gag, thumb-screw, shower bath, or the tramping of prisoners is hereby prohibited."

## NEWS GATHERED FROM THE COUNTY

### Interesting Notes Picked Up By Hustling Reporters in the Country Districts.

A vivid recollection of the sufferings of the homeless during the great fire of 1906 in San Francisco impelled a 11-year old girl, Emile, daughter of Mr. and Mrs. A. D. Cottrill of San Bruno, to interest the teachers and children of the school to subscribe money and clothing for the homeless of the flood-stricken middle west. A collection of \$20.38 together with 31 packages of clothing, was the children's mite, which has been given over to Allen Knight, treasurer of the Red Cross society for distribution in the flood zone. The children are to be commended for their sympathy backed by their substantial gift.

The united committee of the federated improvement clubs held a very interesting meeting Wednesday evening. Communications from various incorporated towns were read, several of which have smaller populations and considerably less taxable property than San Bruno. In all communications the correspondents were a unit in declaring that incorporation was the only thing to do.

All were enthusiastic as they stated that the communications and other data will be given the public at a mass meeting to be held at Carpenter's hall Thursday night, April 24th, at which every progressive citizen should be present.

Unlike other school elections held here, the day was marked by its simplicity and quietness. All voters were compelled to hike to the school house as the automobiles of other days remained in the garage. A. H. Gillespie, the candidate of the fifth addition, was victorious, receiving a larger majority than was ever given to any candidate since the formation of the district. The majority, wishing to be fair, contacted the office to that locality and voted accordingly and the result meets with the approval of all the people.

Last Tuesday the workmen engaged in various occupations at the Chinese cemetery had a day off and appeared as witnesses in the justice court at San Bruno. LaFrance, a former co-laborer, had a preliminary hearing and was committed to the county jail, being unable to meet a \$2000 bond for his release. He will appear before the Superior Court on a charge of shooting with intent to murder.

The election last Monday for fire commissioners turned out to be a far less quiet affair. John Weizel, the only candidate looking for the job, received 14 votes. With 19 votes cast, 17 names were written on the ballots.

## DECIDED STAND FOR PROGRESS

### Good Roads Bond Issue Given Almost Unanimous Support by Voters of County

Although the vote last Tuesday was not as heavy as proponents of the good roads bond issue had hoped for and expected, nevertheless the showing made was a remarkable one in the almost unanimous spirit of progress shown. Not only was the necessary two-thirds votes secured in favor of the issuance of the bonds, but the proposal received the endorsement of almost four-fifths of the voters who were sufficiently interested to express an opinion at the polls. That the movement for a system of modern highways was a popular one in every section of the county is evidenced by the fact that the bonds were given at least a majority vote in every precinct.

All day Tuesday the advocates of good roads worked hard for the bonds. Automobiles were present at every precinct and the voters were hurried in from near and far. Everyone within reach of communication was given a chance to vote with a short joy ride thrown in and by this means a good representation was secured, although half of the voters stayed away from the polls.

It is believed that the non-voters were in favor of the bonds, but believing that they were safe they did not take the trouble to cast their ballots.

The unofficial returns of the election are as follows:

Belmont—For 163, against 5. Burlingame—For 372, against 133. Colma—For 183, against 105. Daly City—For 472, against 62. Dennison—For 139, against none. Granada—For 59, against 9. Halfmoon Bay—For 218, against 53.

Hillsborough—For 97, against 2. La Honda—For 51, against 2. Loma Park—For 31, against 22. Menlo Park—For 123, against 108. Millbrae—For 46, against 10. Pescadero—For 98, against 20. Portola—For 34, against 2. Purissima—For 28, against 11. Redwood—For 638, against 97. San Bruno—For 256, against 55. San Mateo—For 750, against 242.

San Gregorio—For 35, against 9. San Pedro—For 65, against 1. South San Francisco—For 237, against 60.

Steele—For 5, against 7. Woodside—For 96, against 25. Visitation—For 45, against 1. Total—For 4241, against 1047.

The total issue is \$1,250,000, which will be in bonds of \$1000 each, bearing interest at 5 percent per annum. As soon as the result has been officially announced, the bonds will be prepared and offered for sale. The board of supervisors will lose no time in getting the preliminary work done so that the work of building the roads can be commenced at an early date.

## DOINGS ABOUT THE COUNTY OFFICES

**New Building Contracts.**

The following builder's contracts were filed in the county recorder's office during the week:

G. Farrell and W. R. Reed agree to do the excavating for foundation, put in the concrete fire proofing and do the cement work on the Templeton Crocker new residence at Uplands, Hillsborough for \$32500.

The work is to be completed by September 30, 1913. The contract is the bulk of the affair ever filed in the recorder's office. It contains 39 pages of blue print and weighs about 100 pounds. The new Crocker residence will cost in the neighborhood of one million dollars.

Caldwell and Wisnom agree to erect a concrete retaining wall for the San Mateo high school district in 35 days for \$4470.

Wm. Leadley agrees to erect for Leona J. Richardson in 60 days a one-story frame residence at San Mateo Park for \$2879.80.

Farrell and Reed agree to do the excavating, clearing of the site etc., for the Templeton Crocker new home at Hillsborough for \$4000. Work is to be commenced immediately and completed in a month.

**Mrs. Campbell Refused Divorce.**

The divorce suit of Elizabeth Campbell against P. J. Campbell, which was submitted to Judge Buck last week was decided in favor of defendant. Mrs. Campbell brought the action charging her husband with extreme cruelty, reciting in her complaint several instances of the cruel treatment of her husband. Mrs. Campbell in her answer denied all the allegations of the complaint. The case was tried last Thursday and after numerous witnesses were examined the case was submitted to the court. Thursday Judge Buck rendered the following decision in the case:

"This is an action for divorce on the grounds of cruelty. The only act of cruelty established beyond any question is that of May 14, 1912. At that time the defendant appears to have been unfortunately under the influence of liquor. The plaintiff condoned that act and lived with the defendant until near the close of the year 1912. Nothing appears in the evidence to show any acts of cruelty during that time, and hence, the plaintiff is not in a position at this time to ask for a divorce. If the parties fail to agree they will have to wait until a year has elapsed before an action for divorce can be maintained. Judgment will be entered for defendant."

**JUDGE BUCK RULES CHECKS GOOD EVIDENCE OF PAYMENT**

The suit of Frank S. Knowles against Philip Diller was tried in the Superior Court last week and decided in favor of defendant. Diller rented a store from plaintiff at Daly City for \$60 a month. Knowles claimed that he was not paid for the month of September and brought the suit in the justice court of the San Francisco in the day time some weeks ago and was caught in the amount and was given judgment for the sum of \$60 by Justice Johnston. Defendant appealed the case and secured a judgment in his favor and placing the costs on Knowles. The decision rendered last Thursday by Judge Buck is as follows:

"This is an action to recover rent for a store at Daly City. The store was rented by Plaintiff to Defendant prior to January 1912, and the defendant continued in possession of it until November 12, 1912, at which time he left the premises. The rent was to be paid in advance and plaintiff admits the payment of the rent in full except for the month of September, 1912. The defendant claims that he has paid the rent in full. The plaintiff on the first day of each month made out a receipt for the rent and he claims gave it to the defendant whenever the defendant paid the rent due. The September rent receipt he has in his possession unsigned and therefore claims the Court must find that the September rent has not been paid. The defendant paid his rent each month with checks with possibly one exception. The record shows that the rent was paid about the middle of each month. The receipts in connection with the checks and the stubs of checks introduced in evidence show that the rent has been paid in full. The July rent was paid on July 13th, and the August rent was paid on August 13th, and the September
